### Program Details

The NSW Government has committed \$10 million to the Central-West Orana Renewable Energy Zone (REZ) **First Nations Fund** (the FNF). The purpose of the FNF is to build capacity of Aboriginal organisations through the delivery of programs, services, infrastructure or future planning activities that are designed to reflect local needs and provide enduring benefit for local Aboriginal communities within the Central-West Orana REZ.

The opportunity is an open, non-competitive grant round, being delivered in two streams. The application process is identical for both streams.

The First Nations Fund application form has been split into 2 parts so that DRNSW and EnergyCo can work with prospective applicants to confirm eligibility and then provide applicant support to assist with the completion of the application process.

**Part A** (this application) requires applicants to answer a series of questions in relation to eligibility.

**Part B** will be provided once eligibility has been confirmed and covers the more detailed aspects of the application. Local, independent grant writing assistance is available (free of charge) should applicants require assistance to complete Part B.
